

Multi Stream 3-Way Mixer Taps with CC1 Filtration

EST. 1987

WATERWAYS

Quality ways with water

Waterways Products now offer a range of multi stream 3-way mixer taps with CC1 filtration.

The NEW multi stream 3 way mixer tap combined with the exclusive Waterways CC1 triple stage filter provides hot and cold mains water aswell as the healthiest & best tasting water on tap!

The CC1 filtered water is supplied through a dedicated outlet keeping it separate from the mains water.

Stylish modern chrome tap

Watermark Approved

Supplies hot & cold mains water

Supplies premium water filtered of sediment, chemicals, trace heavy metals & bacteria

Minimises Flouride by approximately 44%

Reduces sink clutter by having 1 tap instead of 2

Comes with a 10 year limited warranty

“For the healthiest & best tasting water on tap...make it a Waterways tap!”
